

## Experienced Environmental Technician

Area 1 - North West, North Wales, Cheshire.

Area 2 - North East.

Area 3 - South East

Our teams of technical specialists, design cost effective solutions, for the management of landfill gas and leachate that keep landfill operators environmentally compliant.

As an experienced environmental technician you will be:

Visiting landfill sites

Carrying out environmental monitoring on a regular basis

Offer best industry practice

Work to the highest quality standards

Will build sound professional relationships with the landfill site operators.

The ideal experienced environmental technician will have the following skills and experience:

A Degree in an Environmental Subject

Experienced in monitoring and servicing on landfill sites

An interest in the environment

Physically fit – work is outside

Driving Licence (max 3 points)

Computer Literate

In return you will get a salary of circa £13,500 and company van.

We would consider applications from suitably qualified Technicians who have limited experience.
